EOD TO COP26

100 DAYS OF POSSIBILITY

EARTH
OVERSHOOT
DAY

CONFERENCE
OF
PARTIES 26

THERE'S NO BENEFIT IN WAITING

COP26 in Glasgow is set to amplify climate action. If the conference underdelivers, the need for companies, cities and countries to prepare themselves for a predictable future of climate change and resource constraints becomes even more existential.

Solutions exist that #MoveTheDate. They're creative, economically viable & ready to deploy at scale.

For 100 days, from [Earth Overshoot Day](#) 2021 to COP 26, we're highlighting the many ways we can #MoveTheDate using existing technology to displace business-as-usual practices we can no longer afford.

100 DAYS OF POSSIBILITY

WHAT IS 100 DAYS OF POSSIBILITY?

✳️ Launched on Earth Overshoot Day, **100 Days of Possibility** showcases that change is possible, and that our own actions are essential for our own thriving.

✳️ During the 100 days from Earth Overshoot Day (EOD) to COP26, we will feature existing #MoveTheDate solutions from the business world, academia, the public sector, and civil society.

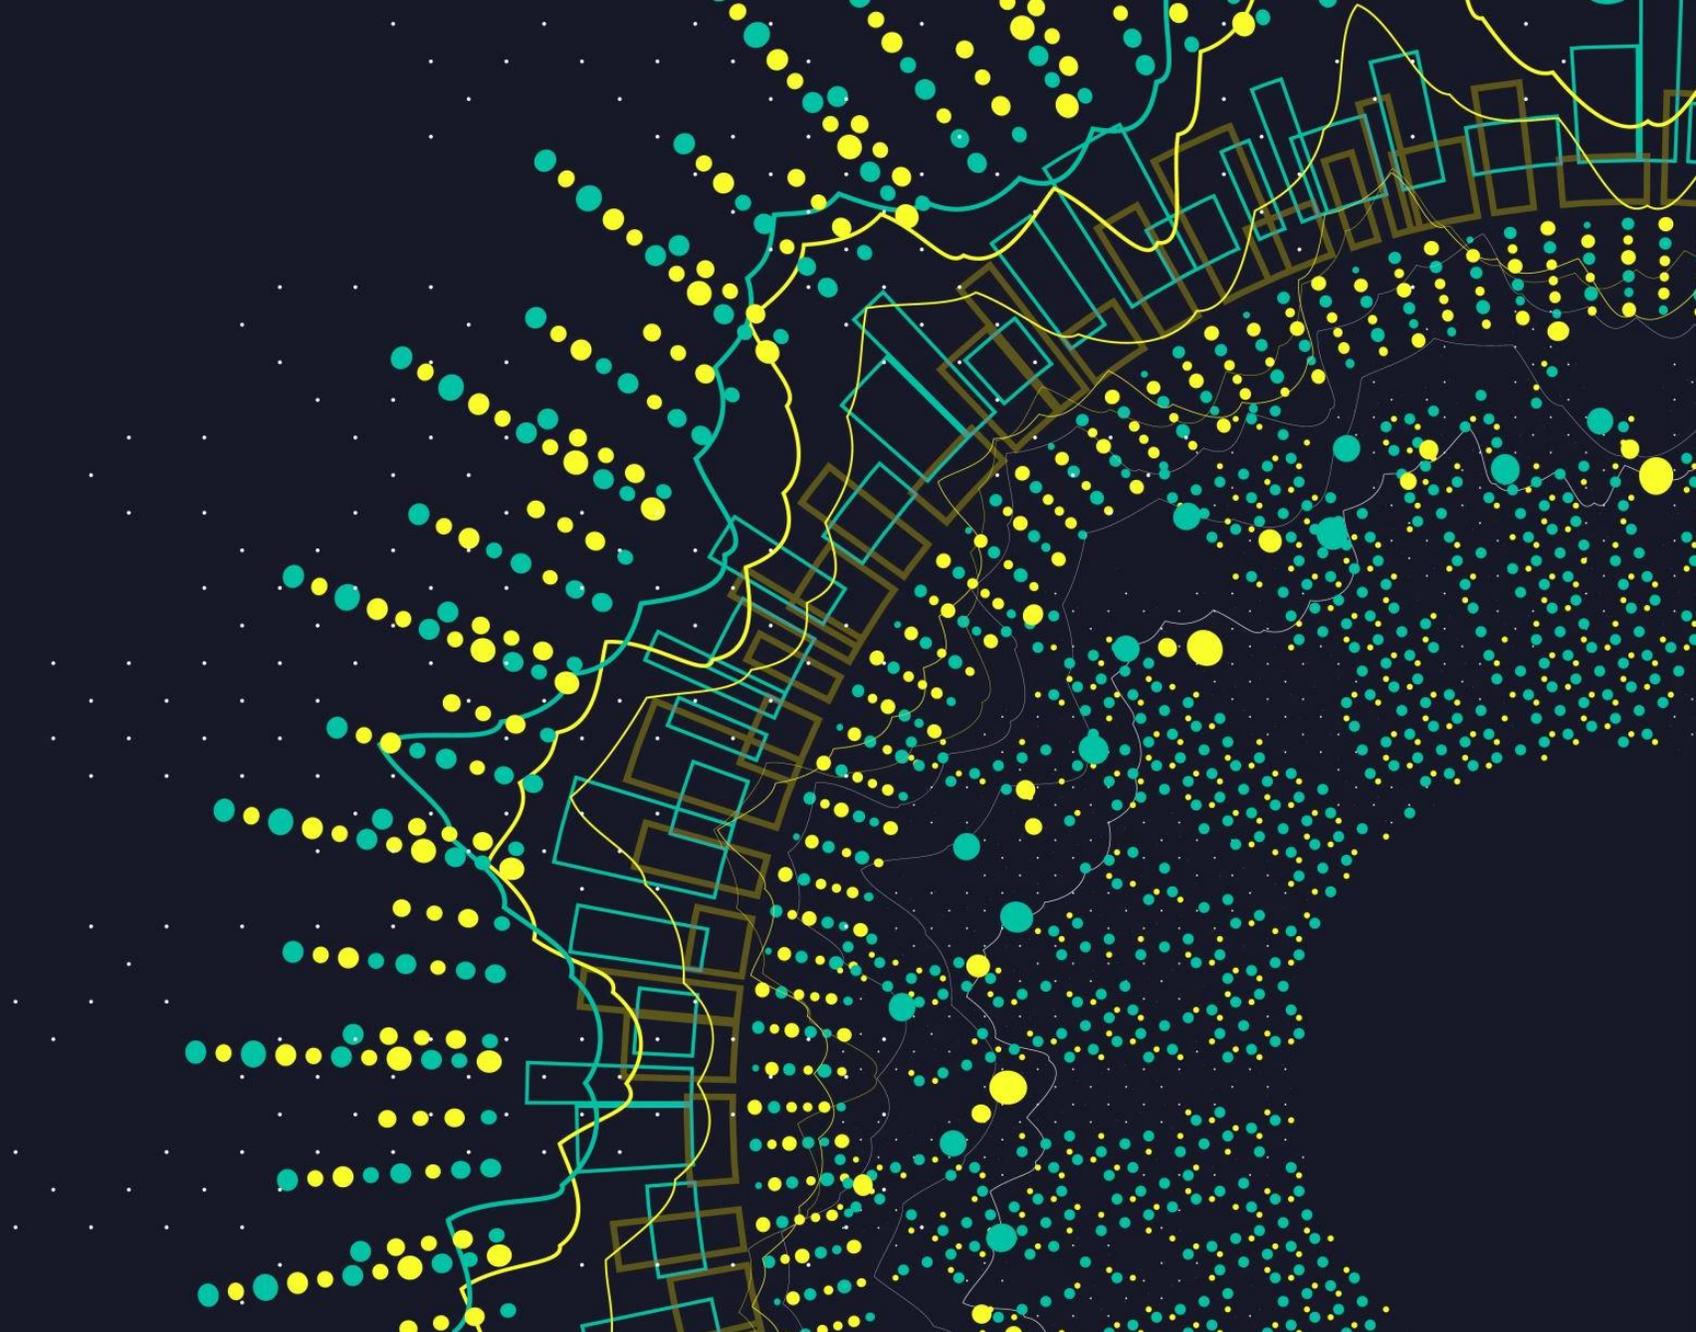

The project is initiated by Global Footprint Network. Partners include the Scottish Environment Protection Agency (SEPA), Schneider Electric, and many others.

How about *you*?
